Blue Mountain Forest Products, Pendelton, OR and Long Creek, OR; Amended Certification Regarding Eligibility To Apply for Worker Adjustment Assistance

In accordance with Section 223 of the Trade Act of 1974 (19 U.S.C. 2273) the Department of Labor issued a Notice of Certification Regarding Eligibility to Apply for Worker Adjustment Assistance on June 11, 1996, applicable

to all workers of Blue Mountain Forest Products located in Pendelton, Oregon. The notice was published in the Federal Register on July 3, 1996 (61 FR 34875).

At the request of the State agency, the Department reviewed the worker certification. The workers produce lumber. New findings show that production, sales and employment data submitted by Blue Mountain Forest Products for the Pendelton location included the Long Creek, Oregon location. Worker separations have occurred at the Long Creek facility. Other new findings show that the impact date in the initial determination was set at April 15, 1995; the correct impact date is March 30, 1995.

The intent of the Department's certification is to include all workers of Blue Mountain Forest Products who were adversely affected by imports. Accordingly, the Department is amending the certification to include workers of the subject firm located in Long Creek, Oregon, and change the impact date to March 30, 1995.

The amended notice applicable to TA-W-32,210 is hereby issued as follows:

All workers of Blue Mountain Forest Products, Pendelton, Oregon (TA-W-32,210) and Long Creek, Oregon (TA-W-32,210A) who became totally or partially separated from employment on or after March 30, 1995 are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974.

Signed at Washington, DC this 20th day of September 1996.

Curtis K. Kooser,

Acting Program Manager, Policy and Reemployment Services, Office of Trade Adjustment Assistance.
